2017
IMPAIRMENT ASSESSMENT TRAINING
(AMA 4)

Impairment Assessment

Using the AMA Guides to the Evaluation of Permanent Impairment 4th Edition and other prescribed methods, as applied to relevant Victorian legislation.

2017 Program
www.iatvic.com.au

Impairment Assessment

Courses provide participants with a comprehensive understanding of the AMA Guides 4th Edition and other prescribed methods as a methodology for determining impairment of an individual with a permanent medical condition. Participants will gain a thorough knowledge of terminology and principles of impairment assessment as specified in the Guides and be taught techniques to achieve consistency in interpretation and application of the Guides.

The training involves completing a Core module and at least one elective. The Core module covers the legal aspects of impairment assessment apportionment and the requirements of the different legislation. Electives are chosen on the basis of the individual's specialties and the types of impairment assessment required. Modules in Stream 1 are for participants who have not previously completed the relevant module.

Update modules (Stream 2) are available for medical practitioners who have previously been accredited, to update their knowledge of the legislation and changes to interpretation of the Guides.

Module Delivery

Each module is delivered by medical practitioners with current accreditation and experience in impairment assessment within the specialty.

Initial modules (Stream 1) are delivered as lectures, with models, case studies and group discussion. They are prepared for an entry level of understanding of the AMA 4 Guides and relevant legislation.

Stream 2 is directed at assessors familiar in application of the Guides, and focus more on group learning activities using discussion of recent case studies, models and vignettes to incorporate shared learning principles. Participants who have not attended the Stream 1 module, or have been undertaking assessments in recent years should consider re-doing the Stream 1 module.

All courses are held at 293 Royal Parade, Parkville Victoria.

RACGP CPD Points are available for each module.

AMA Victoria presents this training program in the application of the American Medical Association Guides to the Evaluation of Permanent Impairment (4th Edition), (AMA 4 Guides), and other prescribed methods for the Department of Treasury and Finance. The course has been approved by the Minister for VWA and TAC in accordance with Section 91(1)(b) of the Accident Compensation Act 1985, Section 46A(2)(b) of the Transport Accident Act 1986 and for the purposes of Part VBA of the Wrongs Act 1958.

2017 Program

Date	Time	Modules
Wed 3 May	6:00pm–9:00pm	Core (Stream 1)
Tue 16 May	6:00pm–9:00pm	Core (Stream 1)
Tue 30 May	6:00pm–9:00pm	Nervous System (Stream 1)
Tue 6 Jun	6:00pm–9:00pm	Spine SIGMD

Tue 14 Nov	6:00pm–8:00pm	Haematology (Stream 1 & 2)
Tue 21 Nov	6:00pm–8:00pm	Endocrinology (Stream 1 & 2)

Timing

Sign in will commence at the time above. Start and finish times are subject to change so will be confirmed upon registration.

* Stream 1 participants must successfully complete a core module prior to any elective modules being undertaken.

Resources

Training content and resources have been developed by reference groups for each specialty aligning the role of the impairment assessor in an Australian clinical context with the requirements of the AMA 4 Guides.

Program participants receive:

- A copy of the Guides worth over \$300 (Stream 1 Core module attendees ONLY)
- A copy of all course materials
- Post program evaluation and feedback
- Certificate on successful completion of assessment
- Ongoing update materials

Assessment

Assessment is usually an impairment assessment case study given to participants at the end of each module. The case study's assessed level of impairment is to be completed and returned to AMA Victoria within one month of course attendance.

Successful completion of a course enables medical practitioners to apply to assess impairments for TAC, WorkCover and for the purposes of Part VBA of the Wrongs Act 1958. Participants may be contacted for the purpose of providing course feedback.

AMA4 Guides Impairment Assessment Practitioners Website List

By completing and returning this form you are providing your consent to be placed on AMA Victoria's online register of qualified Impairment Assessment Practitioners upon your successful completion of this training. If, at any stage you no longer wish to be placed on AMA Victoria's online register of qualified Impairment Assessment Practitioners, you can request your removal by email at iat@amavic.com.au or by calling 9280 8722.
